

The Certificate of Advanced Academics provides SDOHS students with the opportunity to showcase their academic excellence and dedication. The certificate will supplement their diploma and serve as an indication of their rigorous course work above and beyond the district requirements. It allows students to showcase college readiness, 21<sup>st</sup> century skills, and elevate themselves above Arizona's standard high school graduates. This distinction celebrates their academic talents and commitment to excellence.

The certificate is awarded at graduation and reflects four years of advanced course work and service learning. The requirements are designed to honor truly advanced learners and acknowledge the time and dedication it takes to pursue a four-year program of advanced course work and commitment to their communities.

Sandra Day O'Connor

**Expect the Best. Get the Best. Be the Best.**

List the grades earned in your 3 Advanced Placement courses, or 2 Advanced Placement courses and 2 Full-Year Dual Enrollment courses taken during your junior year.
